ABOUT ME

Hi, im Patrick, a fullstack web dev, im passionate about the web and everything related to it, that's why i decided to go full stack. Why just work with user interfaces or servers and databases when we can do both!?

WORK EXPERIENCES

SAHAM Insurance
👤 Back End Web developper   🕐 02 Months

In charge of creating a dashboard containing our client's accounts and informations related to them (contracts, claims , assets...) as well as generating official documents with statistics.
